A Message from your Board of Directors

While we are actively pursuing a new location for our school, we need to keep our options open for our existing location. On this past Tuesday night, the Cortez City Council allowed our school a third year at our current location. There were no issues raised and the only comments were positive ones. What a change from two years ago!

I would like to take this opportunity to thank each one of you: Staff, Parents, Friends, and Community Members. We have succeeded because of the individual efforts that each of you makes to help our school be a good neighbor in the community. Without your continued attention to this issue, Tuesday's City Council meeting could have turned out much differently.

Together, we have built an amazing school. Thank you for all that you have done!

Sincerely,
 Nate Seeley
 President, CKMS Board of Directors
