A Message from your Board of Directors

Our application for a conditional use permit for 2306 and 2310 E. Empire is currently in the hands of the City. While our application is pending, we are completing a code review of our proposed design, working on budget projections, and exploring our needs for outdoor space. It is a busy, yet exciting, time for our school. Please know there is much going on "behind the scenes" and the board is dedicated to finding an environment that will foster a love for learning! Please watch for future announcements as we will be asking for your support at upcoming Planning and Zoning and City Council meetings.

From the Desk of Ms. Susan

I do hope that your Spring Break was one of rest and relaxation. I chose to work on some school projects for my Master's program, around the house projects and spend some much needed downtime with my kids. It's hard to believe how fast they grow.

I look forward to seeing all of the students smiling faces tomorrow, they do know how to brighten a day.
